SUPERVISORS HOLD REGULAR MEETING

The board of supervisors met in regular session, Monday, July 12, there being present Jos. M. Francis, president, Jas. T. Casey, Wm. H. Brown, John MacBain and C. V. Thompson.

The minutes of the meeting of July 6th were read and approved.

On motion of Casey, seconded by Brown, District Attorney Swart was granted 30 days leave of absence from the state.

Communications from County Surveyor Neuman, showed the completion of the following contracts: Reclaiming wall on the Redwood City to San Gregorio road, at Woodside, contractors, Harry B. Morey and Sons; grading on Pescadero to Redwood City road, contractors, Mahoney Bros.; removal of rock points on San Mateo to Halfmoon Bay road, contractors, Peterson and Grier; retaining wall at Belmont, contractor, A. Watson; construction of portions of Menlo to Portola road, contractors, Clark and Henry Construction Co.

This being the date for the opening of bids for the macadamizing of the Pescadero to Santa Cruz county line and there being no bids presented, the clerk was instructed to re-advertise for bids.

On motion of Brown, seconded by Casey, plans and specifications were adopted for the building of three timber bridges, as follows: over the White House creek and the Robinson creek.

L. B. Jones, who has been directing the squirrel extermination campaign, appeared before the board in reference to a communication he had received from M. Hurley, in charge of field operations, in which the former was directed to discontinue his services in this county in connection with the campaign. Mr. Jones explained that his services were at the disposal of the board and he wished to continue the work in this county, if the members saw fit. On motion of MacBain, seconded by Thompson, Jones was retained by the county for an indefinite period at a salary of \$125 per month, with an allowance of \$75 for an assistant and traveling expenses.

County Auditor Shields presented his statement, showing the aggregate amount of allowances that can be made against the several funds of the county for the month of July, 1915, as follows: General fund, overdrawn; indigent, overdrawn; first road district, overdrawn; second road district, \$204.92; third road district, \$75.74; fourth road district, \$204.98; fifth road district, \$204.98; first road district special, overdrawn; second road district special, \$1207.15; third district special, \$4172.90; fourth district special, \$2387.96.

James E. Eubanks, superintendent of the county hospital, was granted one week's vacation on motion of Casey, seconded by Thompson.

Adjourned for noon recess.

Afternoon Session

The board reconvened at one o'clock, all members being present. A petition signed by A. G. McFarland and others was presented and read granting a right-of-way 40 feet in width through their property for a new road leading from the summit of the San Mateo to Halfmoon Bay road to connect with the highway from Woodside to Tunitas Creek.

In connection with the above the county surveyor was, on motion of MacBain, seconded by Brown instructed to make a survey and estimate the cost of building the new road.

On motion of Brown, seconded by Thompson, the claim of the Simond's Machinery Company for \$234.60 was allowed.

On motion of Brown, seconded by Thompson, the claim of D. C. Adair for \$1.65 was allowed and ordered paid out of the General Fund.

R. F. Chilcott, on behalf of Mrs. L. S. Daring, presented a resolution, calling for the abandonment of a certain strip of land by Mrs. Daring to the county and accepted by the board August 27, 1914, and presented a new deed to the county, conveying a 50 foot right of way along the northern line of the above property for a roadway. The resolution was adopted on motion of Brown, seconded by Thompson.

On motion of Brown, seconded by Thompson, the county surveyor was instructed to draw up plans and specifications for a road from Moss Beach to Montara and from Farrelone to Martini's.

Ralph Weymuth, representing the Engineering and Construction Co., appeared before the board on behalf of the company's claim for an extra amount of concrete put in a retaining wall on the Crystal Springs road. County Surveyor Neuman objected to the allowance of the claim and would not approve it on the grounds that the extra amount of concrete was not called for in the specifications.

An animated discussion took place between the company's representative and the surveyor, during which the latter made it very plain that he would not approve any claims that did not appear absolutely right. The matter was left with the surveyor to straighten out.

A list of the claims allowed will be published next week.

Board adjourned to meet Monday, July 19th.

BOARD OF EQUALIZATION

The board reconvened as a board of equalization. No applications having been received for reduction of assessment, an adjournment was taken sine die.

CUMBERSON RECOVERING, ABLE TO LEAVE HOSPITAL

C. E. Cumberston, the well known capitalist of this city, who was shot by Carl Auerwald, an insane gardener, early Thursday morning, after the latter had set fire to the Cumberston home on Roosevelt avenue, is recovering rapidly from the effects of the two bullet wounds inflicted by his would-be assassin, who afterwards committed suicide.

Mr. Cumberston was able to leave the Huling hospital Monday and with Mrs. Cumberston, went to Palo Alto, where they will make their residence for the time being.

It is fully believed that brooding over imaginary wrongs and reading the accounts of the attacks on J. P. Morgan, were what prompted Auerwald to set fire to the Cumberston home, poison the domestic animals and then attempt the life of his former employer.

A coroner's jury at the inquest held Monday afternoon in the Auerwald case, brought in a verdict of suicide. The testimony of the autopsy surgeon showed that the man had taken a dose of strichnine sufficient to kill twenty men. The funeral of Auerwald was held Saturday, the interment being in Cypress Lawn cemetery.

Hundreds of people have viewed the once beautiful home of the Cumberstons. All that remains as mute evidence of that night of tragedy, are the two brick chimneys of the house. Mr. and Mrs. Cumberston have not decided yet whether they will rebuild upon the ruins of their home or not. Letters and messages of sympathy have been pouring into them from all parts of the country. Both Mr. and Mrs. Cumberston are deeply grateful to their many friends and neighbors for the kindness and sympathy shown them during their recent trying ordeal.

SAINT PETER'S CHURCH IS SCENE OF PRETTY WEDDING

A pretty wedding took place Sunday afternoon at St. Peter's Episcopal Church, when Miss Ella M. Stolt, eldest daughter of Mr. and Mrs. Thomas Stolt of this city, became the wife of Sidney J. Dalve of this place. Rev. David Crabtree came from San Francisco to officiate at the wedding. Mrs. Dalve having been a member of St. Peter's choir for a number of years.

The young couple will spend their honeymoon in San Francisco attending the Exposition. Upon their return, they will take up their residence in this city, where Mr. Dalve enjoys a lucrative position with the Wm. H. Lipp Ice Co. He is the eldest son of Mrs. C. Dalve of Woodside. Mrs. Dalve is the third daughter of the Stolt family to wed this year.

S. P. to Assist In Mexico.

As a part of its contribution to the relief of the starving and needy in Mexico, the Southern Pacific Company has announced that it will carry Red Cross supplies into the war-torn Republic at half the usual rate. That a tremendous amount of food and clothing will be required to alleviate the sufferings of our cousins across the border appears to be without question, judging from the plans of the National Mexican Relief Committee of the Red Cross, of which William C. Potter, vice-president of the Guaranty Trust Company, New York, is chairman.

Miss Nellie Powers of San Francisco is visiting her sister, Mrs. W. C. Butterfield in Wellesley Park.

CIVIL WAR VETERAN ANSWERS LAST CALL

Captain W. W. Hastings, who has made his home in this city for the past six years with his daughter, Mrs. A. L. Lessemann, passed away last Thursday in Los Angeles while on a visit to his other daughter, Mrs. R. L. Leitch.

Captain Hastings was born in Ohio in 1839. He moved to Illinois when a young man, and when the Civil War broke out enlisted as a private. He was the first volunteer from Lake county, Illinois, joining Regiment No. 96. He had a splendid record as a soldier and rose steadily in the ranks until he became captain of his company. He received a bullet wound in his foot which crippled him to such an extent that he was compelled to use a cane. In recognition of his splendid services to his country the Governor of Illinois presented Captain Hastings with a flag, which Mrs. Lessemann still has.

Captain Hastings was a great fancier of fine poultry and was awarded first prize at the Poultry show in San Francisco last year.

The funeral took place from the home of his daughter, Mrs. R. L. Leitch, in Los Angeles, the interment being at that city. He is survived by his two daughters, Mrs. A. L. Lessemann and Mrs. R. L. Leitch.

TWO FIRES ON SATURDAY GIVE FIREMEN BUSY DAY.

Two fires in one day caused considerable excitement in this city last Saturday. The first was about 10 o'clock in the morning when an alarm was rung in from box 21 to extinguish a big hay and grass fire in a vacant field on Iris street, near Hopkins avenue in Redwood Highlands.

An army of volunteers with wet sacks and shovels succeeded in keeping the fire confined within the burning area and away from a number of residences in the vicinity, until the hose carts arrived on the scene. Other than the burning of several piles of hay on the field, no damage resulted.

The second conflagration occurred about 3:30 in the afternoon. A building in the rear of the Del Monte Hotel, and which was used as an annex to the hotel, took fire from some burning grass, and by the time the fire department arrived, which was but a few minutes, was burning fiercely. A strong wind from the north west threatened to carry the flames to the main hotel building and the Redwood City House adjoining.

The firemen worked heroically for over an hour and poured stream after stream of water from three hoses on the burning building and finally succeeded in getting the fire under control. John W. Pole, with a hose attached to a hydrant on his place rendered valuable assistance to the firemen in fighting the fire from the west side of the creek.

The loss in the burning of the annex will not amount to more than \$150 and this is covered by insurance. Chas. Luscher is the owner of the Del Monte.

The Fall of the Bastille.

The Fall of the Bastille, the great French celebration, will be celebrated in this county by a grand ball to be held at Kieffers' hall, La Honda, Saturday evening, July 17th. Many from this city, as well as from other places, are arranging to attend the dance, which promises to eclipse that of last year, in point of attendance.

Supervision MacBain is preparing plans for paving Valparaiso Avenue. Work on the thoroughfare will begin within two weeks. This is one of the prominent and attractive driveways in this section, travelled by a great number of people. It's reconstruction will be hailed with delight by all the residents in that locality.

Mr. and Mrs. Perry Cumberson and children are spending two weeks at Bartlett Springs.

The Southern Pacific Company has erected two unsightly electric light poles in the square around the station. These poles only add to the unattractive appearance of the square and the inference may be drawn that the company has no intention of improving the grounds about the depot.

Daniel P. Flynn, the well known contractor, unloaded a large Kelly Springfield road roller from the cars at the depot on Wednesday. It is one of the largest rollers on the peninsula and will be used in road building. Mr. Flynn has the contract to construct the road from the home of J. Henry Meyer to Portola. The Noe Valley team defeated the local nine last Sunday by a score of 6 to 3. It was a lively contest, witnessed by a large crowd of fans. The City boys wielded the ash with tremendous effect, finding the ball at pleasure. Redmond Cochrane, the local pitcher, did splendid work, but received poor support. Barney Larrecon distinguished himself at short, while James Bruce gained the applause of the fans for his work on first.

C. W. Wardwell, the popular and efficient local station agent, has been appointed agent at San Miguel and will start for his new field in a few days. Much regret is expressed on the part of the patrons of the Southern Pacific Company on the departure of Mr. Wardwell, as he was always courteous and ever willing to oblige those having business with the office. Mr. Wardwell has an extensive ranch near San Miguel and he goes to that place to be in touch with his property. O. A. May, assistant agent at Watsonville, has been appointed to the place here. Mr. May is a bachelor, so girls set your caps.

The death of Col. Fred Sharon, in San Francisco on Wednesday was a severe shock to the people of this vicinity. The major portion of his time was spent at palatial home at Menlo Heights. Much speculation is rife as to whether or not the place will be closed or continue to be the abiding place for Mrs. Sharon. Mr. Sharon spent upwards of a half million dollars on beautifying his country home, making it one of the show places of the state. It is an ideal home, one that the gods might covet. It will be a matter of deep regret if the improvements inaugurated by Mr. Sharon will not be carried out. Hundreds of men, at times, were employed on the grounds which stimulated business here. If the place is to be closed it will be a severe blow to Menlo Park.

Richard Burke of Ireland was here calling on Mr. and Mrs. James D. O'Kane during the week. He was accompanied by his young son, Richard Burke Jr. About twenty-seven years ago Mr. Burke came out from the old country as a lad to wed the beautiful Mamie Donohue, daughter of the founder of the Union Iron Works of San Francisco, and for a time the young couple occupied the handsome home now leased by Mr. Payne. He is very wealthy and visits California frequently. He owns a magnificent estate in Ireland on the banks of the Shannon, one of the most picturesque places in Ireland. Mr. Burke's son-in-law is engaged in the war and his son William has a commission in the British navy. Mr. Burke will remain on the coast for some time.

CITY COUNCIL APPROVES PAVING SPECIFICATIONS

The adjourned meeting of the city council last Monday evening, which was attended by a bare quorum of the trustees, was devoted almost entirely to the discussion of details of the specifications for the improvement of Main and East Bradford streets. Mayor Merrill and Trustee Habir were the absentees and in the absence of the regular chairman, Trustee Deleau was selected to preside over the meeting. Specifications for the pavement of the streets named, prepared in accordance with the suggestions of City Engineer Sears, were presented and after careful discussion were adopted. As finally passed, the specifications require the laying of a four-inch base of reinforced concrete, this to be covered with a wearing surface of what is known as the "Tapeka" macadam. The use of reinforcement in the base of the roadway in these streets was urged by City Engineer Sears as a special precaution made necessary by the peculiar conditions of the sub-grade, owing to constant variations of moisture caused by the ebb and flow of tides in Redwood Creek.

It was the understanding of the trustees that work, while entailing some slight additional expense, was satisfactory to the owners of all property abutting upon the streets to be improved and that the work will be done by private contract as soon as final details can be arranged.

NEW RECTOR COMES TO SAINT PETER'S PARISH

Following a conference last Tuesday evening of the Vestry of St. Peter's Episcopal Church with Rev. John A. Emery, Archdeacon of the Diocese, Rev. F. H. Church was appointed to the Rectory of this parish, to supply the vacancy caused by the resignation of Rev. David Crabtree. Mr. Church, who for some years has been connected with the official staff of the Archdeacon, is well known to many of the members of St. Peter's parish, among whom he will be welcomed to the new field of labor. For the present Rev. Mr. Church will divide his time between the duties of the local rectory and his work in connection with the office of the Archdeacon. Mr. Church will begin his duties with St. Peter's with the services at the church tomorrow, officiating both in the morning and evening.

Referendum Petition Filed.

A petition for the non-partisan referendum signed by 600 citizens of San Mateo county, was filed in the office of the County Clerk on Thursday by D. E. O'Keefe, a member of the Republican State Central Committee, and Assemblyman Henry Ward Brown. If sufficient signatures are secured throughout the state the people will have a chance to vote upon this law next October. The non-partisan law passed by the recent legislature and signed by Governor Johnson abolishes all parties in the state elections and practically destroys all party organizations. The passage of such a law was never attempted in any other state in the United States except Governor Johnson. From present indications it is believed the bill will be defeated at the polls if the people are permitted to vote upon the question.

MAIL DELIVERY IS NOW A CERTAINTY

Postal Department Announces a Definite Date for Inauguration of Local Service

The people of Redwood City may now rest assured, that a city delivery of the mail will soon be established, in fact the system will be in operation by October 1st. The following letter from Congressman E. A. Hayes and the letter from the First Assistant Postmaster General are self explanatory.

San Jose, July 15th, 1915.

D. E. O'Keefe,

Editor Times-Gazette.

My Dear Friend:

I am enclosing to you copy of a letter just received from Acting First Assistant Postmaster General, which explains itself. I do not know whether your people have been advised of the establishment of a city delivery for Redwood City or not. Congratulating you and the people upon this result, I am,

Sincerely yours,

E. A. HAYES.

P. O. Department, Washington,

July 6, 1915.

Hon. E. A. Hayes,

House of Representatives,

My dear Mr. Hayes:

With reference to the matter of establishing city delivery service at Redwood City, California, I beg to advise you that an order will be issued establishing the service, with two carriers and one substitute, effective October 1, 1915.

Very truly yours,

MAGNIFICENT NAVAL SHOW FOR THE NEWSPAPER MEN

"The Battle of the Marina," fought by United States marines and coast artillery, with the "Oregon," "San Diego," "Milwaukee" and other United States battleships participating, will be the principal event of "Newspapermen's Day" at the Panama-Pacific Exposition Saturday, July 24th.

This battle, which in every particular will be an accurate reproduction of an actual engagement between land and sea forces, will open with an exhibition by scouting aeroplanes, the first maneuvers of this kind ever presented in California. "Art" Smith, the daring exhibition aviator, assisted by Silas Christoferson and other birdmen especially secured for this event, will engage in a sensational "sky duel," a part of the program that promises many startling features.

Land scouts and coast artillery will then approach the exposition Marina from the rear of the California Building. This initiative will be answered by a bombardment from the United States battleships, whose guns will be loaded with blank ammunition so that in every way the fighting will be a reproduction of the real thing. Following the response from the artillery on shore and with the landing of the fighters from the battleships, "The Battle of the Marina" will be on in earnest and exposition visitors will see before them an actual engagement, sufficiently well fought and with such genuine seriousness that there will be no doubting the fact that Sherman was right when he said, "War is Hell."

The closing feature of "The Battle of the Marina" will show the United States Red Cross in first aid demonstrations, with the army ambulance attending to the work of removing the injured.

ACCUSED VIOLATOR OF GAME LAW IS ACQUITTED BY JURY

Roy Parker, charged with killing a female deer, was acquitted by a jury in Judge Seely's court Thursday. Jos. J. Bullock represented the defendant while Robert Duke, formerly assistant district attorney of San Francisco and now attorney for the State, Game and Fish Commission, prosecuted the case. He was assisted by Game Warden Maloney and Burke. Parker was accused by the officials of killing the deer near Halfmoon Bay on July first. Seven witnesses were examined but no direct evidence was brought out connecting Parker with the crime. Attorney Duke joined with the court in asking the jury to acquit the defendant.

REALTY EXPERT PREDICTS GREAT LOCAL DEVELOPMENT

The first of August will find Redwood City's population increased by 200, according to figures issued by the George H. Irving company, whose wonderful campaign for the development of the Redwood Highlands property has practically built a new city west of the state highway. Nine new homes were started this week, and every one of them has been sold. Since the Irving company began its Redwood City "boosting" campaign forty-six new homes have been built in the Highlands. Of these thirty-nine were built since last March, making one of the most successful building and selling campaigns in the history of California development. Mr. Irving expects to build one hundred new homes in the Highlands by the first of the year, in addition to several costly residences in the foothills. The demand for foothill sites has developed to such an extent that the company feels that the success attending its Highlands campaign will be duplicated.

In an interview yesterday Mr. Irving said: "I am not at all surprised by our Highlands development. When we took over Dingee Park it was the result of an analysis of suburban holdings covering a period of many years. Redwood's splendid climate, its beautiful oak groves, accessibility to San Francisco, its undoubted supremacy as an industrial center, all played a part in our choice. Destiny has shaped Redwood's end and we simply took advantage of the fact. Co-operation on the part of the citizens, an up-to-date appreciation of the needs of a modern community, as exemplified by street improvements of the best type, your soon-to-be modern fire department, have made our work easier. As you know we have brought, every Sunday and holiday for the last six months, thousands of strangers to Redwood City to view our holdings. Not one but every one, remarked on

In pursuance to a writ of prohibition from the Supreme Court served on Judge Buck on Thursday, the court made an order transferring the case of the Palmbrook Land Company against C. S. Goodman and others to the Superior Court of Santa Clara County for trial, that court being the nearest and most accessible.

Judge Buck some time ago denied the motion of the defendants for a change of place of trial to Oakland. They at once appealed to the Supreme Court for a writ of prohibition and same was granted. The case has been pending in court for a long time. It was brought by plaintiff to recover the sum of \$2500 for a certain interest arising from the sale of land in Stanislaus county. The defendants responded with a suit for damages in the sum of \$83,000. Ross and Ross appeared for the Land Company and Charles M. Shortridge for the defendants.
